## Suvāsthi

*:/noun/: expression of happiness  
(ufaaverikan faalhu kuraa faalhu kurun)*

Suvāsthi Gallery by Oaga Art Resort — an artistic space platforming passionate talent from Maldives to the whole world. Conceptualized under our “Fannuverin Fathuruverinnah” initiative, Suvāsthi Gallery invites you to explore curated collections and retail spaces that represent a timeless taste of the true spirit of Maldives.

In the ancient Maldivian language (Boadha Bas) Suvāsthi is a word (noun.) meaning an expression of happiness (މުއިދު ފުދު ފުދު ފުދު ފުދު ފުދު). Just like Oaga, the dream of Suvāsthi Gallery was born through an intentional creative process of returning to our roots and learning what it truly means to be at home. Suvāsthi Gallery is inspired by Maldives’ deep history as a thriving ocean kingdom, brought to you by unbelievably talented artists expressing the moment with us here at Oaga Art Resort.

Culture, tradition, craftsmanship and talent take center stage as we finally kick-off our vision for a collective platform that takes homegrown art beyond borders and creates new possibilities for local artists.

We are excited to introduce Suvāsthi as a welcoming space for creatives from Maldives — designed to grow organically with Oaga’s platform through exciting future collaborations. The team at Oaga Art Resort earnestly welcomes the world to join us as we spotlight Maldivian artists creating stories together at Suvāsthi Gallery!

We offer Art Expression classes where guests can explore different mediums and styles in a semi-guided session with our resident creatives and visiting artists.

### **Sessions will follow the below daily themes:**
