# IASO AND THE FATHER OF MODERN MEDICINE – HIPPOCRATES

Iaso is the ancient Greek goddess of recuperation, recovery and restoration. She symbolises what most of us need in this fast paced world, some time to get back to feeling ourselves again.

Our medical clinic follows many of the philosophies of another famous ancient Greek, Hippocrates. Hippocrates is credited as the father of modern medicine. He turned his back on accepted dogma and took an evidence based approach to disease, unlocking many of the secrets of illness. He was the first to diagnose causes of diseases and found effective treatments to restore and recover. Many of his teachings on diet, exercise and disease are just as relevant today as when he wrote them perhaps more so. In compiling this menu, we have combined medical science and evidence with the luxury experience of a 5 star resort spa.

Within the idyllic luxury of Heritance Aarah, Iaso Medical Spa sits above the water to give you the best opportunity to relax, rejuvenate and recover from the stresses of the world, to make you feel your best self again. Using proven, effective therapies, we will redefine your expectation of a holiday.

In our menu you will find a wide range of spa therapies and massage, but we are much more than a spa. Whether you can come for a short visit or stay for several weeks, our menu will provide you with the opportunity for real change.

# IASO MEDICAL SPA PROGRAM AT A GLANCE

By combining the latest in medical prevention, aesthetic dermatology, fitness, nutrition and wellbeing, Iaso Medical Spa will restore your balance, help you recover from the ravages of ageing and recuperate to be the best version of you, ready to live life to the fullest. Using the Dermograph skin diagnosis system, we can develop a personalised plan of spa, medispa and home care using medical grade product only available at a medispa.

## **Aesthetics**

State of the art diagnostic scanning to pinpoint problems, allowing effective prescription of remedial medical aesthetic treatments. Reverse signs of ageing, reduce appearance of fine lines and resolve pigmentation problems. When you want to feel younger than the mirror is telling you, we have the solution.

## **Medical Assessment**

Unique predictive software provides the most comprehensive medical assessments test to detect current health conditions and evaluates future disease risk to drive prevention that will increase your health span, as well as your lifespan.

## **Diet & Nutrition**

Discover how mindful nutrition can positively affect your general wellbeing, enjoying dishes that taste as good as they are for your body, without compromising on delicious flavors. We also offer cooking classes - an insightful experience that will provide useful and information and new tools, so that you can incorporate healthier eating habits into your daily routine back home.

## **Wellness Program**

IASO has been created to bring the best of western medical technology to you. Our expert medical team has devised a menu of state of the art aesthetic dermatological treatments that combine the latest in both aesthetics and wellness, with traditional spa treatments, scenic ambience and pampering. Whether you want to reverse the visible signs of ageing, de-stress & detox, lose weight, or restore your hair, you can be assured that our medically derived programs can produce results far beyond any other spa. Our goal is to help you live your best possible life; to look and feel your best, using evidence-based programs. Our programs do not stop when you leave Iaso, rather we take care of you with tailored at home treatments using the best products from around the world, available exclusively in a spa boutique.

## **Weight Loss Programs**

Medically proven intensive Weight Loss Programs deliver results of 8-10kg in 3 weeks. Our Doctor/Wellness expert will be by your side, to assist you throughout the program. We respect your preferences by customizing food and personalizing an exercise plan that best suits you.

## **Fitness Stays**

Rest and relaxation are an essential part of any spa getaway, but achieving personal rejuvenation and renewal sometimes requires new activities and challenges. Our fitness assessments and programs for those who wish to use holidays to exercise, train and improve fitness whilst away from work.

## **Wellness Activities**

Maintaining a healthy lifestyle is no longer a luxury, but a necessity of everyday life. This is why IASO has the mission of encouraging our guests to take advantage of our ability to pamper you as well as our activities to keep you in great shape. When you stay with us, you will have access to fitness activities such as yoga, pilates, crossfit, beach classes and bootcamp workouts. These have been chosen by popular demand so those of you who want a more intense exercise experience can get it.

## **Salon & Nail Services**

Where our spa treats your body, our salon tends to the details - refreshing your senses with revitalizing treatments that leave you feeling alive, well, and thoroughly relaxed. Offering a complete array of high-end beautifying treatments for women and men in a breathtaking environment with sea views, the Salon is a dreamy place to find a better self. Master technicians provide personalized approaches to hair styling, coloring and design, as well as make-up and nail services.

# SKIN CONSULTATION AND DIAGNOSIS

As a medically based clinic, to advise you best, we first need to diagnose your problems. Using our unique Dermograph® assessment tool, we will be able to gain a complete understanding of all your skin issues. The Dermograph uses 7 light spectrums to give details about all skin structures from the surface epidermis to the deep dermis. Skin Consultations are complimentary within 48hrs of arrival, or with any of our facial therapies.

Using the skin diagnosis, we can develop a personalised plan of spa, medispa and home care using medical grade product only available at a medispa.

## Accurate diagnosis is the key to the best results

### IASO AESTHETICS - TREAT THE CAUSES OF VISIBLE AGEING

Understanding why we look older is critical to reversing it. Whilst we can appear to age at different rates, what is seen are;

**Surface changes** – Pigmentation, Fine lines, Uneven tone

**Deep changes** - Collagen loss, Elastin loss, Hyaluronic Acid and Volume loss

**Glogau Score of Ageing** - Type 1 - 30's / Type 2 - 40's / Type 3 - 50's / Type 4 - 60 plus

### Reversing visible signs of ageing

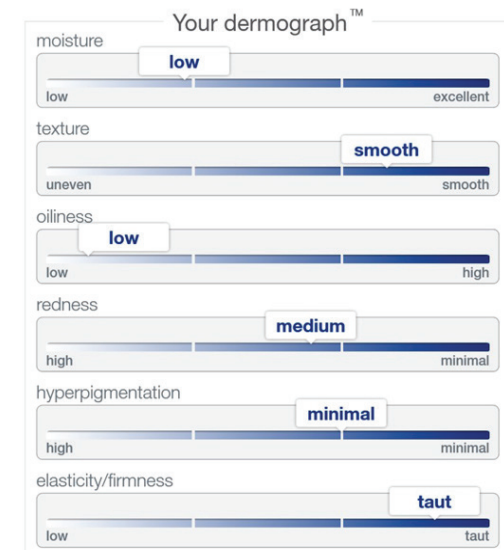

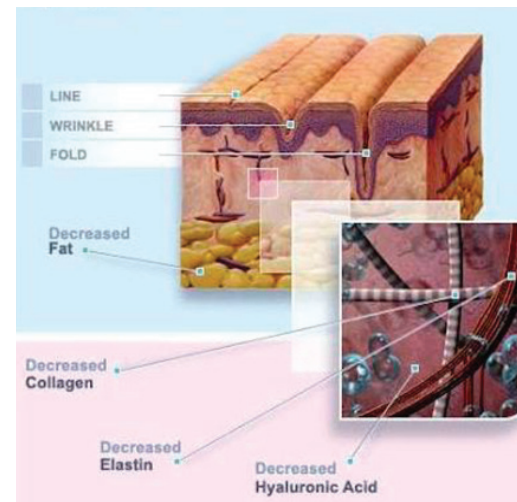

Our treatments work to fundamentally change the signs of ageing.

#### Surface treatments

- Smoothing - Medical Skin Peels
- Correcting pigmentation - mesotherapy, Light Therapy and creams
- Uneven tone - Vitamin A/B/C

#### Deep treatments

- Restore collagen and elastin - Microneedling collagen induction and mesotherapy
- Restore Hyaluronic Acid - Mesotherapy, Nanoneedling, Microneedling

# MICRONEEDLING AND NANONEEDLING

Standard facials can hydrate the skin, but are limited by poor absorption of active ingredients through the epidermal barrier. Bypassing the barrier with Nanoneedling or Microneedling allows a much more effective delivery, instantly hydrating the deep layers and smoothing fine lines and wrinkles. Nanoneedling needs no anaesthetic or down time. The slightly deeper Microneedling extends to the collagen layers, where micro traumas induce new collagen and elastin formation, which supports the skin to restore a youthful appearance over the following weeks. We recommend Microneedling at the start of your stay for the best effect. Needling can be combined with active serums for the best effect. This is then called Mesotherapy. The use of active cosmeceuticals can have a dramatic impact on lines, pigmentation, acne and scarring.

Skin scans showing the penetration of active ingredients in green with different treatments.

- A. Topical application sits only on the surface.**  
**B. Injection with a mesogun showing uneven distribution to deep layers**  
**C. Deep and even distribution of topical agent to the dermis using microneedling**

## WHICH IS BEST : NANO OR MICRONEEDLING ?

**Nanoneedling** will overcome the epidermal barrier to increase the absorption of products by up to 300 times what can be achieved by a cream or topical application. **Nanoneedling** can be repeated soon after a treatment course.

**Microneedling** has the added advantage of inducing collagen and elastin formation, which promises to substantially change the composition of your skin. **Microneedling** may show some redness, can feel warm and restricts your activity for 24 hrs in the sun. The skin can be dry for a few days and we can guide you through this process.

For effect, **Microneedling** is the best, but for convenience, **Nanoneedling** is easier.

# BEFORE AND AFTER MESOTHERAPY

# MEDICAL HEALTH CHECKS - FOR HEALTHY AGEING

We are now living longer than ever, but your healthspan does not equal your lifespan. Healthspan is how many healthy years you have. The difference, are years spent with illness and disease.

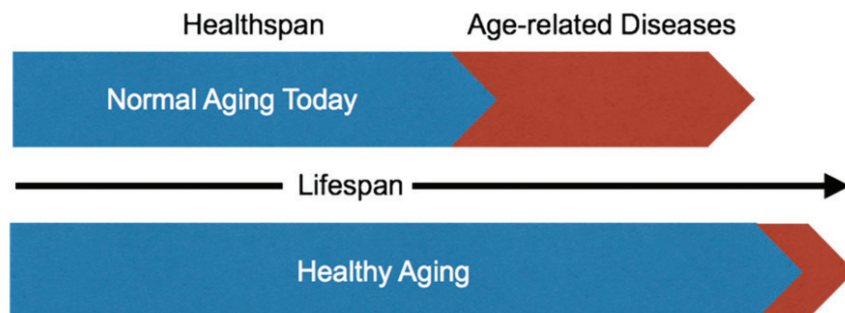

## HEALTHY AGEING IS POSSIBLE

A healthy life keeps you fit and well into old age. We now know that most illness is preventable, with illness occurring through a mix of genetic and lifestyle factors. We are all different and need to do different things to stay well. Our plan of prediction and prevention is designed to stop you developing illness or detect it at the earliest stage.

Our system involves the use of bespoke software from partners, Ionic Health, to determine your future disease risks and show you how to reduce your risk to the lowest possible. We can also tell you what tests you need to do when you return home to look for any problems that may be just around the corner.

Our system has 4 steps

1. Predict - using predictive algorithms and clinical examination
2. Report - detailed report of risks
3. Advise - we can show what you need to do to change your risk
4. Screen - advise you what tests to do and how often to stay well

## HYDRATING MESOTHERAPY

**Hyaluronic Acid** – is a natural polysaccharide that is responsible for skin elasticity. It has the capacity to retain water on a percentage of a thousand times its molecular size. It is an activator of the fibroblastic activity, synthesis of collagen, promotes growth factor and slowing down the natural ageing process. Hyaluronic acid has greater effect in reducing the visible signs of ageing. Treatment can be combined with other cosmeceuticals serums for additional desired effect.

## ANTI-AGEING MESOTHERAPY

**Mesoesthetic c.prof / anti-aging solution** – The combination of active ingredients eliminates signs of fatigue, adds moisture and instant luminosity, smoothing fine wrinkles and expression lines. Thanks to their repairing and firming properties, they combat flaccidity and help to redefine the facial contour. Maximal effect is at six weeks.

**Mesoesthetic c.prof / anti-aging flash solution** – anti - aging ampoules with an immediately tightening effect. Perfect for when you need to look your best for a special event. Best with Nanoneedling

## BRIGHTENING / WHITENING MESOTHERAPY

**Mesoesthetic c.prof / Vit C intensive 20%** - Vitamin C (ascorbic acid) is part of the group of antioxidant vitamins along with vitamins A and E. It plays an important role in the regeneration of Alpha-tocopherol (active form of vitamin E) and is the co-factor in the hydroxylation process of procollagen. It stimulates the synthesis of collagen and is a powerful whitening agent, antioxidant and stimulator of connective tissue.

## PIGMENTATION CORRECTION MESOTHERAPY

**Mesoesthetic c.prof / depigmentation solution** - Brighten and correct pigmentation concerns with a powerful combination of active substances and antioxidant action. This formulation prevents the function of tyrosinase, a catalyst in the pigmentation process. Skin tone is unified, brightness and vitality are restored. Active ingredients such as tranexamic acid and nicotinamide inhibit the function and interaction between melanocytes, keratinocytes and melanosome transference, which are all responsible for the production of visible pigmentation. Added Vitamin C has antioxidant benefits and brightening effects to help correct existing pigmentation.

## MEDICAL SKIN PEELS

Skin peels have been used for centuries to smooth the skin and improve skin texture with the ancient Egyptians known to use sour milk (lactic acid) peels to smoothen the skin by removing the surface layer of dead skin cells. Modern medical skin peels can be used for superficial or deep effect, replacing many other techniques, such as dermabrasion and laser resurfacing. We offer peels which are exceptionally safe and effective, requiring minimal down time. During the procedure, a skin peel solution is applied on the skin. The treatment typically takes around 30 minutes. You can expect the skin to start peeling on days 2 and 3 and it can continue to peel for up to 6 days. During the peeling process, your skin typically looks like you have a slight sunburn that is flaking and peeling off. Performed in a series, chemical peels smooth texture, stimulate collagen and even improve skin tone.

**MESOPEEL / Salicylic 10%** - Salicylic Acid Peel acts directly on oily skin problems or those prone to acne, whiteheads and skin blemishes. The salicylic acid formula mixes freely with existing oils on the epidermis as well as sebaceous material within the follicle resulting unblock pores and reduces acne. A series of 6 peels is needed for significant effect.

**MESOPEEL / Glycolic 20%** - An excellent and safe 'lunch time' peel with instant effects on skin texture. It is a peel that prepares the skin, evens out skin tone and softens expression lines and superficial wrinkles. This is the best peel for initial therapies. Suitable for skin photo-types from I to VI and all skin types. Repeated peels will help correct skin tone and fine lines. This is the best peel for initial therapies.

**MESOPEEL / Glycolic 35%** - is designed to address stage II skin ageing (uneven tone, fine lines and wrinkles) and to improve the appearance of stretch marks. It similar to the 20% peel, but with a slightly deeper effect for greater results.

## LED FACIAL THERAPY

LED Light therapy is effective for skin rejuvenation, fine lines and wrinkles, sun damage, acne and problematic skin, sensitive and inflammatory conditions such as rosacea, eczema and psoriasis and post treatment healing and scars. LED Light Therapy is clinically proven to be safe for all skin types and effective in the treatment of a wide range of skin conditions. It is a gentle, heat free treatment that does not contain harmful ultraviolet wavelengths and therefore cannot damage skin tissue.

**Red light 650nm** - allows deep stimulation to improve collagen deposition through stimulation and recruitment of fibroblasts to promote wound healing after and enhance results after facial therapies. Non-invasive, non-chemical collagen induction reverses photoageing damage and potentiates the effects of mesotherapeutic cosmeceuticals. Regular use of LLLT reduces inflammation, preventing further damage from ageing and oxidation. Twice a week for 4 weeks needed for initial effect.

**Blue light 415nm** - used in the treatment of active acne. When Propionibacterium acnes (P. acnes), the causative bacterium in acne lesions, are active, they produce substances called porphyrins, and when these substances are exposed to blue light energy at 415 nm, the porphyrins produce free radicals which will eventually selectively kill the P. acnes. Used in combination with an acne control program light therapy can significantly reduce the chance of active (pustular) acne. Blue light can be combined with red light to reduce inflammation and scarring. Twice a week for 4 weeks needed for effect.

**Green light 530nm** - for calming irritated skin. Excellent for all conditions where redness is a problem including rosacea and vascular lesions.

## NON-SURGICAL FACELIFT & CONTOURING

The skin gradually loses its firm and youthful appearance as we age. Reduction in the elasticity, strength and quality of the collagen in our skin, leads to the appearance of wrinkles, folds, laxity and loss of its luminosity.

Non-invasive, energy based technologies such as HIFU (High Intensity Focused Ultrasound) can promote new, healthy collagen which results in skin tightening, contouring and wrinkle reduction. It is a non-surgical, no downtime, in-medspa procedure for lifting and tightening of sagging skin of the brows, cheeks, lower face (jowls), jawline and neck.

This procedure is your next best thing to an actual face lift.

## STRETCH MARKS CORRECTION : ABDOMEN OR THIGHS

Stretch marks can be caused by various factors, commonly after rapid growth in puberty or skin stretching pregnancy. On a histological level they represent a thinned area of dermis and epidermis, along with altered pigmentation, which can result in unsightly variations in skin texture and tone. Microneedling with active mesotherapeutic cosmeceuticals can address these changes, bringing a more even and aesthetic appearance to the skin.

**·X.prof Mesoesthetic / Organic Silicon**

is a water soluble, biologically active substance present supporting connective tissue. It improves the synthesis of collagen to help with scar tissue modulation.

**·X.prof Mesoesthetic / Centella Asiatica**

Centella Asiatica extract stimulates the collagen biosynthesis at dermal fibroblasts and conjunctive tissue levels. This stimulation of the collagen production improves the cellular trophism. Its re-epithelizing and vasoprotector properties encourages the restoring of skin integrity by increasing the capillary resistance and acting as a biostimulator.

## SPA JOURNEYS

### SLEEP DEEPLY

This ritual is able to raise the customer to a state of full relaxation and induce a quiet sleep. This bedtime indulgent treat will allow you to experience a tranquil and relaxing night's sleep. It is a full massage from head to toe where vetiver, chamomile and sandalwood oils, well-known for its numerous relaxing properties, are involved. To further enhance the experience of relaxation the treatment ends with a relaxing face ritual.

### IASO JOURNEY

Restore your energy with the power of marine stones. A journey to beaches, home to the myriad colours of the Atlantic: since the dawn of time, the erosive force of waves has coloured the Atlantic coast sand, depositing a host of energising semi-precious minerals. Set off on this revitalising journey inspired by 'marine lithotherapy' and use the power of the stones to restore your body's vital energy stores.

### SUN SOOTHER

Soothe and re-hydrate over-exposed skin with this cooling, refreshing treatment. An intensive layering of hydrating rose gel, soothing lavender oil and nourishing body cream rich in shea butter deeply nourish your body. A hydrating mask is applied to the face and while the active extracts get to work a scalp massage releases tension in the head for an all-over relaxing, restorative treatment. Your skin is left feeling cool, soothed and moisturized

### ISLAND ROMANCE

This is a journey for a couple to unwind and regain your sense of harmony. A steam bath infused with herbs will let tight muscles unwind and this is then followed by a body exfoliation using mineral rich salts and a body wrap to stimulate circulation and boost the lymphatic system. While cocooned in the body wrap, a nurturing head massage will leave you deeply relaxed. This is then followed by our hydrating facial that will restore your natural radiance, and whilst the facial mask is infusing minerals into the skin, you will receive a rebalancing foot massage.

## FITNESS PROGRAM

If your idea of a holiday is a chance to devote more time to your fitness goals, we have developed programs to help you to achieve just this. A holiday can be an ideal time to lift you further, without the limitations a busy working life can impose. Our fitness assessments use laboratory grade metabolic testing with VO2 max testing, as well as full biometric evaluations. Longer stays can help you make gains through personalised training and exercise classes. Combined with our massage services and exceptional food menus, you will find a holiday that gives you so much more. Our tropical island waters are ideal for swimmers and our gymnasium perfect for indoor training. Morning yoga and evening wellness classes bookend a perfect day. If your healthy outdoor lifestyle in the sun has left you looking older than you feel, you can combine a fitness stay with our medispa services to reverse the visible signs of ageing.

MEDISPA  
PROGRAMMES

# 1 DAY FITNESS BREAKS

Your fitness level is the best single measure of your future disease risk, longevity and life quality. Where do you sit? Learn your biological age, on the inside and outside. After completing this fitness day, you will have a clear idea of your strengths and weaknesses, and enough information to change how you look at your health. In the spa will undergo a biometric assessment followed by a thorough facial skin assessment. Moving to the gym we will assess all the major measurements of fitness, including a VO2 max test. Using our clinical grade equipment the VO2 max gives you the most accurate insight into your health and your body. If you only do one thing for yourself during your holiday, this is the day for you. Finish the day with a sports massage and if you have any energy left, come and join our exclusive beach workout session as the sun sets on the first day of the rest of your life.

## WELLNESS PROGRAM

Beyond health there is wellness, where the body and mind are in a state of optimal balance. Wellness is a destination that must be actively pursued. Through our wellness programs we will set you on this path, whether through our introductory day programs or our immersive wellness stays. Our programs are designed to make the most of your holiday time to refresh, re energise and renew, leaving you restored to your best health and contentment. You can combine your wellness stay with our medispa treatments to reverse the visible signs of ageing.

MEDISPA  
PROGRAMMES

# 1 DAY PACKAGE- LIFE ASSESSMENT MEDICAL

Take time out for the most precious thing you possess - your health. A holiday provides a great opportunity to take stock, set goals and reset. On this life assessment day our team of doctors and therapists will leave no stone unturned to give you the most comprehensive health check possible. Using our own proprietary software, developed by an Australian cancer surgeon and our comprehensive medical assessment, we can tell you, not only where you are today, but what future disease risks you may have. By knowing your personal risk for cancers, heart disease, stroke, diabetes and even dementia, we can advise you on the best course of action to prevent illness. You will be provided with a detailed report and list of suggested screening tests and risk reduction techniques that you can take home to your own doctors. Our assessment is unlike any other medical, telling you what you really need to know to stay fit and healthy into old age. After a comprehensive review of the inside, we will assess what you can see outside, with a comprehensive facial skin assessment. So, take stock, be inspired and get ready for the best version of you.

# 1 DAY DEPIGMENTATION PROGRAM - WHITE AND BRIGHT

## BEST FOR – Melasma, uneven pigmentation, acne scarring

In just one day you will see a visible difference in skin pigmentation problems. Uneven or abnormal pigmentation is a common consequence of ageing, especially in Asian or darker skins. With our unique combination of therapies we are able to achieve significant results during your resort stay. Our skin analysis will get to the heart of the problem and allow us to develop a personalised program to achieve the best possible results. Using the latest in cosmetic dermatology, treatments with leading brands Medik8 and Mesoestetic, our one day program will leave your skin visibly more even in tone, younger and smoother. More significant pigmentation problems will benefit from our longer programs.

Your day begins with a thorough skin assessment with our therapists to define your problem and develop a personal program for your day. Using our dermograph® skin analyser we will provide you with an objective report and take home prescription.

As a medically derived clinic, we will explain how pigmentation problems occur and what need to be done to correct them and prevent recurrence. Our medispa treatments will provide rapid results, leaving problems visibly improved before you return home, with remarkably little down time. Our treatment uses a combination of medical peels, microneedling mesotherapy and LED light therapy, as well as traditional spa facial treatments.

A personalised prescription of medical grade products will be offered, as well as access to take home therapies to maintain your results.

We suggest that you schedule your appointments in advance to obtain your preferred time.

## CANCELLATION POLICY

Should you wish to cancel an appointment, please let us know at least 6 hours beforehand or a full cancellation fee will be charged. No-shows will also be charged at the full treatment price.

## ARRIVAL

We recommend that you arrive at least 15 minutes prior to your appointment time in order to relax and enjoy our facilities. Arriving late will limit the time of your treatment. At IASO medical spa you will be asked to complete a brief, confidential consultation card. This is to check for possible contraindications to any treatments.

## WHAT TO WEAR

At IASO medical spa we provide a robe and a pair of slippers. For your comfort, disposable undergarments are provided before the start of your treatment. Our therapists are highly trained in proper draping procedures for your complete privacy.

## HEALTH CONDITIONS

Please inform us of any health conditions when booking your appointment. These include high blood pressure, heart conditions, any allergies, recent surgeries or pregnancy.

## ADMISSION

At IASO medical spa guests aged under 12-16 should be accompanied with the presence of parents/ guardians. Selections of treatments are available, subject to the advice of our specialist.

## VALUABLES

While we take precautions, IASO Medispa accepts no responsibility for the loss of money or valuables of any kind.

## COMFORT

The Spa is an area of relaxation and tranquility. We ask you to refrain from using your cell phone while on the premises. The Spa is a non-smoking area. Please do not consume alcohol prior to or immediately following your treatment as it may impair the effectiveness of the treatment.

## SHOWER

Sand can be an irritant to the body during any kind of massage. We kindly ask that you be showered and sand-free prior to your treatment. We would like to suggest allowing time either before or after your treatment to enjoy our wet area or relaxation areas.

## IN-ROOM MASSAGE

For the ultimate in relaxation, we'll bring the spa to you! Send your cares adrift and enjoy a massage in the comfort and privacy of your Villa or guest pavilion. Additional 25% added to the treatment price of your choice.

## CHARGES

All services are subject to 10 per cent service charge and prevailing government taxes.
